

ASSA Locker Hasp

Locker Hasp

Performance

Locker hasp for material thickness up to 22 mm. Housing and core of zinc plated steel, locking device for extra safety of composite. Large selection of 3 mm thick catches.

Function

In locked position the padlock stops the catch from turning. When the padlock is removed the catch can be turned 90° and the locker can be opened. Right hand turning as standard and left hand is available on request.
